WILLIAM C. PLOEGER	Manager, Futures Operations
GARY E. RASK	Vice President, Marketing
RICHARD S. RHODIE	Manager, Research and Market Development
CAROL SCHEFERS	Executive Assistant
DIERDRE R. STITZEL	Manager, Payroll Benefits
ROBERT H. THOMAS	Manager, Weighing Department

DEFINITIONS AND ABBREVIATIONS

AFLOAT: Commodities loaded on vessels enroute to their destination. May refer to loaded ships in harbor and about to sail, but does not apply to arrivals ready for unloading.

ALLOWANCE (or differentials): The premium or discount allowed the buyer for grade and/or location of a commodity which is higher or lower than the par or basis grade and/or location specified in the futures contract. These differentials are established by contract specifications in most commodity markets.

ARBITRAGE: Simultaneous purchase of one commodity against the sale of another. Variations included simultaneous purchase and sale of different delivery months of the same commodity, of the same commodity and delivery month on two different exchanges, and the purchase of one commodity against the sale of another commodity. Used to take advantage of what is believed to be a temporary disparity in price relationships.

BASIS: The difference between a cash price at a specific location and the price of a particular futures contract. The price difference among markets is, in part, determined by the local demand and supply situation, handling costs and expense associated with transportation.

BASIS GRADE: Standard contract grade, as designated by an exchange, on which contract deliveries are based. Alternative grades may be designated at price differentials as defined by an exchange.

BID: A bid subject to immediate acceptance made on the floor of an exchange to buy a definite quantity of a commodity future at a specified price.

CARRYING CHARGE: The expense (storage, interest and insurance) incurred in storing and maintaining physical commodities over a period of time. In prevailing "normal" market conditions, price variations between different futures contract months should reflect carrying charges in a series of ascending prices with deferred months selling at a premium to the nearby.

CLEARING CLOSE: The price within the closing range that is determined by the quotation committee to be the correct price for contract settlements in the Clearing House.

CLOSE: The period at the end of the trading session officially designated by the exchange during which all transactions are considered made "at the close."

CLOSING PRICE (or range): The price (or price range) recorded during the period designated by the exchange as the official close.

DELIVERY MONTH: A specified month within which delivery may be made under the terms of a futures contract.

DELIVERY NOTICE: A notice of a clearing member's intention to deliver a specified quantity and quality of a commodity in settlement of a futures contract.

DEMURRAGE CHARGES: The monetary penalty paid to compensate for the delaying of a ship or freight car due to a consignee's failure to load, unload or sail with an allotted amount of time.

DIVERSION POINTS: Points at which rail shipments of grain may be stopped in transit to await orders as to where the grain may be marketed most favorably.

FUTURES: A term used to designate any or all contracts covering the sale of commodities for future delivery made on an exchange and subject to its rules.

FUTURES CONTRACT: A firm commitment to deliver or to accept delivery of a specified quantity and grade of a commodity during a designated month at a price which is determined by public auction in the trading pit.

HEDGING: The initiation of a position in a futures market that is intended as a temporary substitute for the later sale or purchase of the actual commodity. The sale of a futures contract (short) against the production of inventory of the physical commodity or its equivalent as protection against a price decline; or the purchase of a futures contract (long) against anticipated requirements of the physical commodity, as protection against a price increase.

HIGH: The highest price bid or paid for a futures contract on a given day.

LONG (Net Purchase): (1) The buying side of an open futures contract. (2) A trader whose net position in the futures market shows an excess of open purchases over open sales.

LOW: The lowest price offered or paid for a futures contract on a given day.

NOMINAL: "In name only." An estimated price which is used as a substitute for an actual price in the absence of a commodity transaction (NOM).

NO TRADE: Futures contract months where there are bid and/or ask prices but the contract is not traded (nt).

OFFER: An offer, indicating willingness to sell at a given price (Opposite of "BID").

OPEN INTEREST: The total number of futures contracts entered into a particular delivery month or futures market that have not been liquidated either by an offsetting futures transaction or by actual delivery. In an futures market, at any given time, the number of futures contracts bought equals the number sold. Published figures representing open interest refer to the unliquidated total of long contracts or the total number of short contracts, never the sum of the two.

OPEN PRICE (or range): The price (or price range) recorded during the period designated by the exchange as the official opening.

PAR: Refers to the standard delivery point or points or to the quality of the commodity represented in the contract that is deliverable at contract price, upon which premiums or discounts for varying qualities are based.

SHORT (net seller): (1) The selling side of an open Futures Contract. (2) A trader whose net position in the futures market shows an excess of open sales over open purchases.

SPECULATOR: An individual who attempts to anticipate commodity price movements. Speculators serve an economic function in that they provide needed market liquidity which enables hedgers to place and lift their hedges with a minimum price effect in a futures market. Speculators facilitate trading by assuming the price risks that hedgers do not want.

TO ARRIVE CONTRACTS: Contracts for cash grain which allow for shipment or arrival at some specified time in the future. These contracts will also specify amount, grade, price and origin of the grain.

VISIBLE SUPPLY: Usually refers to supplies of a commodity in recognized distribution centers which have been moved from production areas to shipping centers. Varies with different commodities. Often included afloats and all other supplies "in sight."

VOLUME OF TRADING (or sales): The purchases and sales of futures contracts during a specified period. As purchases always equal sales, only one side of each transaction is reported.

FUTURES MARKET

**Minneapolis
Grain Exchange**

SPRING WHEAT FUTURES CONTRACT DESCRIPTIONS

SPRING WHEAT

Contract Grade

U.S. No. 2 Northern Spring Wheat as described by the Official Grain Standards of the United States, with a protein content of 13.5% or higher.

Other Deliverable Grades

No. 1 Northern Spring Wheat or better may be delivered in satisfaction of futures contracts at the contract price. Spring Wheat with 13 to 13.4 % protein, inclusive, is deliverable at a discount.

Trading Hours

9:30 a.m. to 1:15 p.m. (Minneapolis time.)

Trading Unit

Futures Contracts are traded in "round" lots of 5,000 bushels (136.08 metric tons) or "job" lots of 1,000 bushel multiples (27.22 metric tons).

Contract Months

September, December, March, May and July.

Price Quotation

Prices are quoted in dollars and cents, with fractions of eighths of a cent, per bushel.

Minimum Price Fluctuation

The minimum price fluctuation is 1/8 of a cent, which is equivalent to \$6.25 for a round lot of 5,000 bushels.

Maximum Daily Trading Range

Prices in a single day's trading are prohibited from advancing or declining more than 20 cents from the previous day's settlement price, or \$1,000 per 5,000 bushel contract.

Position Limit

Net position of 3 million bushels in any one future or in all futures combined; positions of 500,000 bushels or more require a position report. The foregoing position limits do not apply to bona fide hedging transactions meeting the requirement of the Commodity Futures Trading Commission and the rules of the Exchange.

Delivery Points

Wheat delivered in satisfaction of a futures contract must be made "In-Store" in regular elevators within Minneapolis/St. Paul, MN and Duluth, MN/Superior, WI. Provisions are made for delivery "In-Store" in interior off-water elevators within the Minneapolis/St. Paul switching districts.

SETTLEMENT OF CONTRACTS

Final Day of Trading

A maturing Futures Contract may not be traded during the last seven business days of that month. Consequently, a contract matures at the close of trading on that business day preceding the last seven.

Open Position: Off-Setting Contracts

Most Futures Contracts are settled before the final day of trading by off-setting the open position by an equal quantity purchase or sale of the same delivery month.

The trader who BUYS A Futures Contract (assuming a long position) may settle his contract by selling an equal quantity before the final day of trading during the maturing contract month. The trader who SELLS (assuming a short position) may liquidate his position with a purchase of an equivalent amount before the contract matures.

Delivery

Futures Contracts may be settled by delivery. Delivery on Futures Contracts shall be made by the issuance of warehouse receipts for commodities "In-Store" in an elevator that is eligible to make deliveries. Such receipts must be for a Contract of Other Deliverable Grade of the commodity specified in the Futures Contract.

All storage and other charges, except delivery charges on commodities represented by any warehouse receipt delivered on a Futures Contract, shall be paid or allowed by the seller up to and including the date on which such warehouse receipt is delivered to buyer. All warehouse receipts that are delivered on Futures Contracts shall bear the endorsement of the warehousemen who issued such receipt, indicating the date to which storage has been paid. Storage shall be deemed to have been paid to the date so endorsed, and additional storage shall accrue immediately thereafter.

Issuance of the Delivery Notice

During a trading session in the maturing month, the seller (short) may serve to the Minneapolis Grain Exchange Clearing House a "Notice of Intention to Deliver". All Notices of Intention to Deliver, or Delivery Notices, must be delivered to the Clearing House on (1) business day prior to the date of delivery and before 12:00 noon on all such business days. The Clearing House has until 1:30 p.m. on said business days to notify the buyer (long) holding the longest standing contract in the maturing month that a Delivery notice, or Notice of Intention to Deliver, has been tendered. The buyer must take the delivery intentions to the office of the seller no later than 1:30 p.m. the following business day, where payment is to be made with a certified check, and the buyer will receive warehouse receipts. Delivery can be made, at the option of the seller, any business day in the maturing month.

Delivery Notice: Options Available to Buyer

If a buyer has the oldest long position in the current delivery month and receives a notice of intention to deliver, the buyer has the option: (1) to accept delivery; (2) to accept delivery and redeliver, upon assuming a net short position; or (3) to "pass" the notices to avoid delivery. In the latter case, if the buyer received a notice on or before the final day of trading on the contract, he may sell the future and retender the same notice to the Clearing House before noon the same business day. In other instances, the notice cannot be retendered.

WHITE WHEAT FUTURES CONTRACT DESCRIPTIONS

WHITE WHEAT

Contract Grade

U.S. No 2 or better Soft White Wheat as described by the Official Grain Standards of the United States with a maximum of 0.5% sprout damage allowed. Total dockage shall not exceed 2% and shall be subtracted from the total weight. This means that no free dockage is allowed.

Trading Units

Futures contracts are traded in "Round" lots of 5,000 bushels or "Job" lots of 1,000 bushel multiples.

Contract Months

March, May, July, September and December.

Price Quotations

Prices are quoted in dollars and cents with fractions of 1/4 cent per bushel.

Minimum Price Fluctuation

The minimum price fluctuation is 1/4 of a cent, which is equivalent to \$12.50 for a round lot of 5,000 bushels.

Maximum Daily Trading Range

Prices in a single day's trading are prohibited from advancing or declining more than 20 cents from the previous day's settlement price, or \$1,000 per 5,000 bushel contract.

Position Limit

Net position of 3 million bushels in any one future or in all futures combined; position of 200,000 bushels or more require a position report. In the May contract a net position limit of 1 million bushels will apply as the first notice day for the delivery month of May and shall be extended through the final delivery day of that same month. The foregoing position limits do not apply to bona fide hedging transactions meeting the requirement of the Commodity Futures Trading Commission and the Rules of the Exchange.

Delivery Points

White Wheat delivered in satisfaction of a futures contract may be delivered from Exchange approved waterfront elevators on Lower Columbia River Points located at Kalama, Washington; Longview, Washington; Vancouver, Washington; and Portland, Oregon.

SETTLEMENT OF CONTRACTS

Final Day of Trading

- A maturing Futures Contract may not be traded during the last seven business days of that month. Consequently, a contract matures at the close of trading on that business day preceding the last seven.

Open Position: Off-Setting Contracts

Most Futures Contracts are settled before the final day of trading by off-setting the open position by an equal quantity purchase or sale of the same delivery month.

The trader who BUYS a Futures Contract (assuming a long position) may settle his contract by selling an equal quantity before the final day of trading during the maturing contract month. The trader who SELLS (assuming a short position) may liquidate his position with a purchase of an equivalent amount before the contract matures.

Delivery

Delivery on White Wheat Futures Contracts shall be made by the delivery of shipping certificates for White Wheat from an elevator which is eligible to make deliveries under the Rules of the Exchange.

Delivery of White Wheat shall be made by the delivery of White Wheat Shipping Certificates issued by grain shippers who have been designated by the Minneapolis Grain Exchange Board of Directors as regular. In order to affect a valid delivery, each White Wheat Shipping Certificate must be endorsed by the holder making the delivery. Such endorsement shall constitute a warranty of the genuineness of the certificate and of good title thereto, but shall not constitute a guaranty, by any endorser, of performance by the issuer of the certificate.

Issuance of The Delivery Notice

During a trading session in the maturing month, the seller (short) may serve to the Minneapolis Grain Exchange Clearing House a "Notice of Intention to Deliver". All Notices of Intention to Deliver, or Delivery Notices, must be delivered to the Clearing House one (1) business day prior to the date of delivery and before 12:00 noon on all such business day. The Clearing House has until 1:30 p.m. on said business days to notify the buyer (long) holding the longest standing contract in the maturing month that a Delivery Notice, or Notice of Intention to Deliver, has been tendered. The buyer must take the delivery intentions to the office of the seller no later than 1:30 p.m. the following business day, where payment is to be made with a certified check, and the buyer will receive warehouse receipts. Delivery can be made, at the option of the seller, any business day in the maturing month.

Delivery Notice: Options Available to Buyer

If a buyer has the oldest long position in the current delivery month and receives a notice of intention to deliver, the buyer has the option: (1) to accept delivery; (2) to accept delivery and redeliver, upon assuming a net short position; or (3) to "pass" the notices to avoid delivery. In the latter case, if the buyer received a notice on or before the final day of trading on the contract, he may sell the future and retender the same notice to the Clearing House before noon the same business day. In other instances, the notice cannot be retendered.

SPRING WHEAT OPTIONS

**Minneapolis
Grain Exchange**

OPTIONS ON SPRING WHEAT FUTURES

TRADING UNIT	One 5,000 bushel MGE Spring Wheat Futures Contract of a specified contract month.
DESCRIPTION	At any time prior to expiration, the buyer of one Spring Wheat Futures Option may exercise his option to as assume a position in one Spring Wheat Futures Contract (long) if the option is a call and short if the option is a put) of a specified contract month at a strike price set when the option was bought.
STRIKE PRICE	Trading shall be conducted with strike prices in integral multiples of ten (10) cents per bushel.
PREMIUM PAYMENT	The premium must be paid in full by each clearing member to the Clearing Corporation and by each option customer to his commission merchant when the option is bought, or within a reasonable time thereafter.
PRICE QUOTATION	Multiples of 1/8th of one cent per bushel on a 5,000 bushel Spring Wheat Futures Contract (\$6.25 per 1/8th).
DAILY TRADING LIMITS	Same as daily limit for Spring Wheat Futures, currently twenty (20) cents (\$1,000) i.e., the option premium could move only twenty (20) cents above or below the previous day's settlement price. Variable limits are also the same as those for Spring Wheat Futures, currently thirty (30) cents (\$1,500).
EXERCISE	The buyer of a Spring Wheat Futures Option may exercise the option on any business day prior to expiration by giving notice to the Clearing Corporation by 4:00 p.m. The Clearing Corporation, through its clearing members, will then assign the notice to an option seller. The Clearing corporation will establish a futures position for the buyer (long if the option is a call and short if the option is a put) and an opposite futures position for the seller at the strike price before the opening of trading on the following business day.
LAST DAY OF TRADING	Spring Wheat Futures Options cease trading in the current month at 1:00 p.m. on the Friday which precedes by at least five business days, the first notice day for the corresponding Spring Wheat Futures Contract.
EXPIRATION	Unexercised Spring Wheat Futures options shall expire at 10:00 a.m. on the first Saturday following the last day of trading.
MONTHS TRADED	Same as for Spring Wheat Futures; currently March, May, July, September, December.
HOURS OF TRADING	9:35 a.m. to 1:25 p.m. (Minneapolis time) except on the last day of trading when trading in an expiring stops at 1:00 p.m.
REPORTABLE POSITIONS	A position of 25 or more puts or calls (buying and/or selling) in the first two (2) contract months or 100 or more puts or calls (buying and/or selling) in the remaining contract months is a reportable position.

RECEIPTS AND SHIPMENTS BASIS FOR COMPUTATIONS

Receipts and Shipments in this report
are computed on the following basis:

Wheat	3,300 bu./car	
Corn	3,500 bu./car	
Oats	4,400 bu./car	
Barley	3,450 bu./car	
Rye	3,500 bu./car	
Flax	3,200 bu./car	
Soybeans	3,300 bu./car	
Screenings	50 tons/car	(100,000 lbs./car)
Flour	1,000 CWT/car	(100,000 lbs./car)
Millstuffs	43 tons/car	(86,000 lbs./car)
Linseed Oil	62,000 lbs./car	
Linseed Meal	140,000 lbs./car	
Soybean Oil	62,000 lbs./car	
Soybean Meal	160,000 lbs./car	
Buckwheat	170,000 lbs./car	
Millet	200,000 lbs./car	
Milo	190,000 lbs./car	
Sunflower Seed	110,000 lbs./car	
Sunflower Oil	150,000 lbs./car	
Sunflower Meal	120,000 lbs./car	

ABBREVIATIONS USED IN THIS REPORT

n	=	nominal
b	=	bld
a	=	ask or offer
bnt	=	bld, no trade
ant	=	ask, no trade
s	=	settlement

DOMESTIC AND METRIC CONVERSION TABLE

Acre = 0.40469 hectare
Hectare = 2.4710 acres
Kilogram = 2.2046 lbs
Quintal = 100 kilograms
= 220.462 lbs.

Tonne (metric ton) = 10 quintals
= 1000 kilograms
= 2204.62 lbs
Short Ton = 2000 lbs
Long Ton = 2240 lbs

COMMODITY

BUSHEL EQUIVALENT

Wheat, Soybeans

60 Lbs./Bu.

1 Bushel	27.216 Kilograms
1 Short Ton	33.333 Bu.
1 Long Ton	37.333 Bu.
1 Metric Ton	36.744 Bu.
1 Metric Ton/Hectare	14.8699 Bu./Acre
1 Quintal/Hectare	1.4869 Bu./Acre

Corn, Flaxseed, Rye, Sorghum

56 Lbs./Bu.

1 Bushel	25.401 Kilograms
1 Short Ton	35.714 Bu.
1 Long Ton	40.000 Bu.
1 Metric Ton	39.368 Bu.
1 Metric Ton/Hectare	15.9321 Bu./Acre
1 Quintal/Hectare	1.5932 Bu./Acre

Barley, Buckwheat, Millet

48 Lbs./Bu.

1 Bushel	21.773 Kilograms
1 Short Ton	41.667 Bu.
1 Long Ton	46.667 Bu.
1 Metric Ton	45.930 Bu.
1 Metric Ton/Hectare	18.5874 Bu./Acre
1 Quintal/Hectare	1.8587 Bu./Acre

Oats

32 Lbs./Bu

1 Bushel	14.515 Kilograms
1 Short Ton	62.500 Bu.
1 Long Ton	70.000 Bu.
1 Metric Ton	68.894 Bu.
1 Metric Ton/Hectare	27.8812 Bu./Acre
1 Quintal/Hectare	2.7881 Bu./Acre

Sunflower Seed

28 Lbs./Bu

1 Bushel	12.701 Kilograms
1 Short Ton	71.429 Bu.
1 Long Ton	80.000 Bu.
1 Metric Ton	78.736 Bu.
1 Metric Ton/Hectare	31.8642 Bu./Acre
1 Quintal/Hectare	3.1846 Bu./Acre
